CHAPTER
FORTY-NINE

Hurry up,
Slave Boy.

I can fucking *taste* how close we are.

Wasting your time, Ianthe.

Marko and his gang ain't here.

Maybe not, Little Willie, but the two *tabloid hacks* you abandoned were.

And they seemed much closer to finding this mixed-species cult than your stoned ass ever was.

You're a dead woman.

And the longer you keep me alive, the worse it's gonna --

Ugh, mute this boilerplate tough-guy shit.

HINNINGH

Now drop and give me another thousand.

And while you're down there, keep an eye out for, I don't know, clues? Maybe one of your newsboy pals left behind a scrap of...

grh

Fuck me crooked.

Our race-traitors and their kid.

You said they boosted a ride from the Rocketship Forest, yeah?

...so...?

These scorch marks are dusted with pollen.

Marko and his bitches **were** here... and we just fucking missed them.

On your feet, Bill.

I bet we can still pick up their trail.

Don't need *me* for that. >Nnn< Just slit my damn throat already.

Oh, my dear, handsome-ish manservant.

I'm not just using you to help me find some career-making diplomatic intel!

Every minute I get to *torture* you is one I don't have to think about what you did to the love of my life.

You still holding out for an apology?

No, I realize Hektor was just another rando bit player in whatever bullshit "hero's journey" you think you've been on.

But when this is over, you'll finally realize that you're not even the star of your own story.

You're a goddamn *black hole*.

And you're going to help me pull every last world off its axis.

The forces that wanted to destroy my parents and me were closer to their goal than they had ever been...

... but we couldn't
have given less
of a shit.

Because while our enemies
were close, we were closer...

... closer as a family, and closer to
the new companions we'd gathered
along the way.

Uhm!

Uhm!

Uhm!

All right,
sometimes, it was
a little TOO close.

Yeah,
you like that,
don't you?

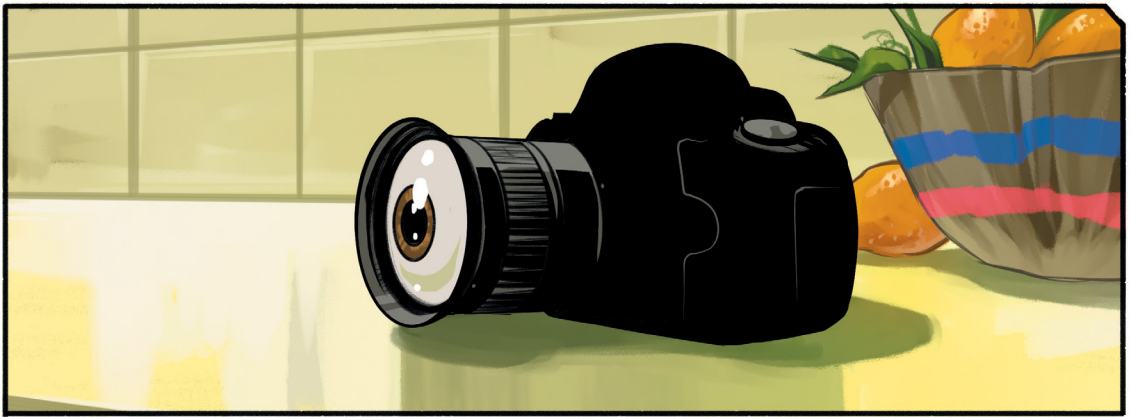

Uhn!
Yes,
mistress!

I'm
going to
come so
hard.

What?!

The only reason we agreed to let you two come with us is because you swore to keep whatever Marko and I told you off the fucking record.

And we fully intend to honor that agreement... unless you change your mind.

My wife and I are the two most wanted people alive.

Why would we help your scandal rag expose us?

Because we could offer you and your daughter a chance to finally stop running.

Guaranteed safety and security for the rest of your lives.

Go on...

The *Hebdomada!* has something called the *Source Protection Program*.

In exchange for coming to Jetsam and granting us an exclusive interview, our paper would secure you with new identities.

And we're not talking about fake IDs and bargain-basement disguises.

Through an ancient enchanted process, you'd each be given a completely new body.

No.

Our daughter's biology isn't a liability.

It's a gift.

I understand... but consider what effect billions of our readers learning the truth about your family could have on the war.

When people find out that you're all living together in harmony, maybe they'll realize that... that *peace* is possible.

Except it isn't.

As D. Oswald Heist said, "War can't be ended any more than the rain."

"All we can do is help each other stay dry."

Heist was a man of *privilege* --

What my partner means to say is, we appreciate you hearing us out.

And if you're really still willing to take us all the way home...

...we'll still take your story to the grave.

These days, I guess a lot of kids interact with each other over screens.

Fine.

Hazel, you look **dumb** without that front tooth.

But I'm grateful that all of my early interactions were in person.

Yeah, well... you look dumb without a **mom**.

It's a real gift for young people to be able to see the face of someone they've just hurt.

In that moment, you learn whether or not you have what it takes to be a killer.

I.
I was just kidding?

Knock, knock.

Not a good time, Robot.

Behold the crest-fallen muckrakers, forced to sit on the biggest scoop of their lives.

But what if I told you that I possessed a bombshell of similar magnitude?

We graduated from the royal beat a long time ago.

I'm a former royal, properly disgraced, thank you ever so much.

And my information comes from a house of ill repute I visited shortly after Alana and I parted ways back on *Pervious*.

I'm not ashamed to admit that I've visited my fair share of sex workers over the years, but this was the first time I'd encountered one from my own kingdom.

A commoner, but still. I was mildly annoyed she didn't recognize me.

I think she may have been high on something...

So you're like a real earl?

I... I suppose I am, yes.

And you fought for His Majesty's Army and every-thing?

Indeed, though I would prefer not to discuss such matters during our hour together.

Aww, you're not gonna break down on me, are you?

Last soldier boy I had in here cried like a baby.

Well, I should hope for a great deal more discretion following *our* time together this --

He said he killed millions of people.

...sorry?

Landfallian guy, had one of those awful beards the Special Forces-types all wear.

He said my face made him feel *guilty*.

I think he may have been high on something...

When I look at you, it reminds me, like... you people have souls, too.

That's mighty sweet of you, honey.

I mean, I don't care about whatever filthy animals we helped exterminate, but I'm sorry some of *your* folks had to get caught in the crossfire.

Say again?

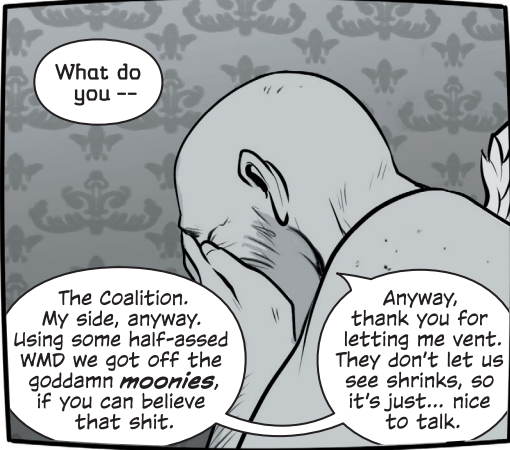

You've heard of *Phang*, right?

The comet?

It wasn't some natural disaster that ended those poor fucks.

It was *us*.

What do you --

The Coalition. My side, anyway. Using some half-assed WMD we got off the goddamn *moonies*, if you can believe that shit.

Anyway, thank you for letting me vent. They don't let us see shrinks, so it's just... nice to talk.

How much extra if I don't want to use a rubber?

There's more where that came from.

If you feel it's newsworthy, of course.

Why the hell haven't you told anyone about this before?!

I had nothing to gain by volunteering dirt about a war I no longer have anything to do with.

Still, if you would be willing to extend the offer you made to Marko, Alana and Hazel to *Petrichor, Squire and myself*... I might be open to cooperating.

Do you even know if that's something those two want?

I'm confident Petri will be persuaded.

And my son... my son will do as he's told.

Anyone can kill you, but it takes someone you know to really HURT you.

It takes someone you love
to break your heart.

So, do
we have a
deal?

Please say no. This story will be the
death of us. Please say no. This story

Yes.

Sorry!

I promise that wasn't pee!

I'm pretty sure that wasn't pee.

mmmf

You have nothing to be sorry about, love.

I know all about female ejaculate.

Then please find a sexier word for it.

Also, where did you learn that wizardry, and why haven't you used it on me before?

I would never perform a spell without your consent.

So that was all you?

It was *us*, Alana.

I just tried to listen to your body.

God, are we making a horrible mistake?

Sorry?

Not moving here, I mean.

It's not too late for us to take the newsies up on their offer.

I've loved our stop on Jetsam as much as you, but once we finish refueling, I still think we need to keep moving.

Upsher and Doff can give all the assurances they want, but we both know they could never **guarantee** our safety here.

Besides, Hazel would get bored having to spend the rest of her life on one planet.

And so would her mother.

I haven't gotten tired of you and your weirdly hairy ass yet, and we're not exactly newlyweds.

Believe it or not, it's been almost **seven years** since I proposed.

Get the fuck out.

Feels like just yesterday you knelt down behind that flaming garbage pile and shoved this on my finger.

To be fair, we were on the run.

My parents were never big on anniversaries.

And here's hoping we always will be, my sweet Ejaculate Face...

Any day they both managed to stay alive was already more than enough cause for celebration.

This is why no one gives a toss about newspapers anymore.

Real journalism takes time, Robot.

This isn't journalism, it's low-grade torture.

I was promised a new life in exchange for my story, and instead, I've been sequestered in this night-haunted dump, forced to rehash every salacious detail.

Trust us, it's the salacious details that are gonna convince our bosses to give you that new life.

I have irrefutable proof of military collusion between the most formidable superpowers in the universe.

Who the hell cares that I happened to acquire this information from some prostitute?

Um, every reader ever?

Marko and Alana having a forbidden love child would have been a slam-dunk Page One, but the kind of insider politics *you're* peddling needs to be a little... sexed up.

Yes, well, I'm sure Phang's countless dead are grateful you've found a way to make their extermination palatable to the supermarket checkout crowd.

Look, as soon as editorial decrypts everything we're about to wire 'em, I'm sure they'll want to publish within the week.

And before they do, they'll send us everything you'll need to complete your... makeover.

I'm sacrificing my entire body, not getting a bloody nip and tuck.

If you're having second thoughts about the transformation spell...

Please, I'm done with this battered husk.

But before this story explodes in print, my hopefully chiseled new face and I will have the luxury of *disappearing*.

What happens to you lads?

Me and Upsher win a couple of meaningless awards?

If we're lucky, management might not cut our salaries next year.

Mm, very whimsical.

But you do realize your report is going to lethally piss off every powerful cunt on Landfall *and* Wreath... to say nothing of my own former Kingdom.

You don't think they're gonna like seeing you in your old duds again?

While it may lend a whiff of credibility to your boyfriend's writing, seeing me gussied up like this is only going to make my estranged father more *cross*.

And when King Robot is cross, mother-fuckers get *headless*.

We're not afraid of some backwater monarchy.

Then you should try cracking open a history book.

I'm being quite serious when I say the words you just typed may very well be your last.

Robot, since Doff and I started covering this war, we've been threatened, kidnapped, poisoned, shot at and/or *actually* shot.

No offense, but we were ready to die on the job long before we ever met *you*.

Why, for the love of fuck?

Ehm, who knows?

Guess I just got sick of all the bullshit.

Don't listen to this old byline whore.

Upsher's been chasing an obituary ever since he realized it means he'll finally get his name in an actual *headline*.

You looked adorable with that haircut, stupid.

As long as they don't use that sucky photo of me you took at the goddamn roller rink.

Brilliant.

I've once again entrusted my future to a pair of lovesick imbeciles.

Not with that whiny attitude, you can't!

He's forcing Squire to *move*.

I finally have somebody my own age to play with, and he gets taken away by his evil dad.

Robot is a lot of things, but he's not evil.

Besides, you'll still have Ghüs and Friendo.

And my *memdefendo* coach.

Yes.
About that.

Hazel, I've decided that I'll be *joining* Sir Robot and his son.

Ha ha, Petrichor.

I'm not kidding, kid.

But... but you told me to always be proud of *my* body.

So why are *you* leaving to... to get yourself a new one?

Most of the time, we don't even realize we've lived through something worth commemorating until long after it's already ended.

You still awake in there?

Oh, good evening, Ghüs.

Yes, just taking stock. Mister Upsher told me I won't be able to bring anything from the *past* after I'm enchanted with my new identity.

Big changes afoot. Ghüs just wanted to see how his little buddy was feeling about 'em.

That doesn't really matter, does it?

A child's duty is to obey his parent.

Son, if this is something you don't wanna do...

I *want* to honor my father's wishes.

I'll be all right, Ghus.

But I was wondering if you might be able to look after this for me?

Aw geez, Squire.

Ghüs is mighty grateful and all... but Ghüs isn't exactly built to use one of these.

Nor am I, it turns out.

Anyway, let's have a proper farewell when the time comes?

Oh, uh, sure.

Thanks for the swell bow and all.

Sweet dreams.

We'll see.

That's so hot, dude.

Mmm, spit on his hairy asshole...

Excuse me, Mister Zlote.

I quit that rag ages ago.

Yeah, I'm aware of your new line of work.

But you must be familiar with your former employer's *tradecraft*.

See, I have reason to believe that your pal Doff and his buddy Lipsher may have stumbled across an extremely valuable story.

So tell me, is there some kind of, I don't know... *safehouse* where you people might stash a couple of VIP sources?

QUEENIE!

SIC HER!

Queenie...?

Is that your little pink pussycat?

Because she's already *dead*, as are the two goons with machine guns you had outside.

Just tell her what she wants to know.

CHAPTER

FIFTY-ONE

Your daddy
is a BAD
man.

Your...?!

I would like to return home, to place a flower upon her *tomb*.

After the reporters give us our new bodies.

As would I, dear boy.

But she was laid to rest in the Robot Kingdom, which isn't exactly welcoming to foreigners, including the species you and I are about to join.

Is that what your dream was about?

The savage who took our sweet Princess?

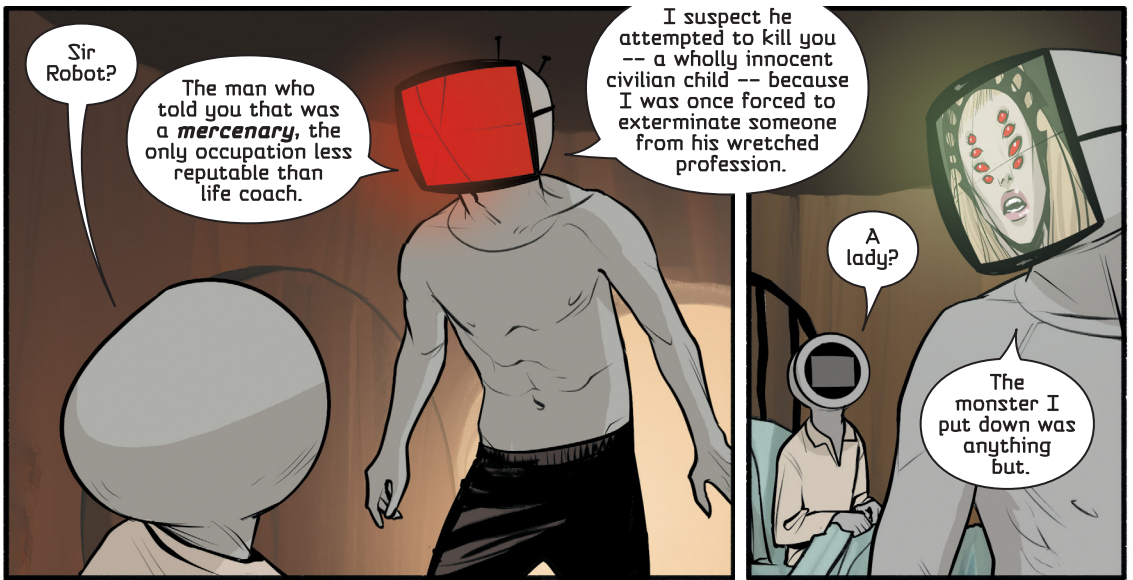

It wasn't a dream, it was a *memory*.

The man with no hair told me that *you're* a savage... that you killed some woman.

So bloody what?

Sir Robot?

The man who told you that was a *mercenary*, the only occupation less reputable than life coach.

I suspect he attempted to kill you -- a wholly innocent civilian child -- because I was once forced to exterminate someone from his wretched profession.

A lady?

The monster I put down was anything but.

Then may I see it?

The moment you ended her life?

...

Do you have any idea how *unseemly* it is?

To ask something like that?

Of someone who's *served*?

hkk

Without anticipation, life can be comfortable, but it'll never be THRILLING.

Instant gratification is for boring assholes.

Help!

Why won't somebody help me?!

Careful, Hazel.

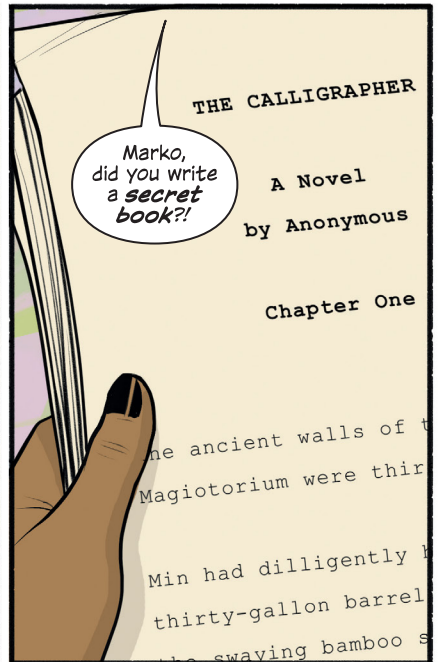

'Member what your folks said about crying wolf.

I'm not crying wolf, I'm crying drowning!

This is why I was trying to keep it a *secret*.

I mean, modifiers are fine in moderation.
Less fine every other sentence...

But, that's kind of the point I'm struggling to make, Alana: there's no such thing as "good" words or "bad" words.

It doesn't matter if it's Blue or Language or whatever, they're all just a bunch of meaningless symbols that we --

Are we gonna try to *publish* this?

God, no.

I've just been thinking a lot about *Yuma*, about *all* the people who've helped us get this far, and that story... it seemed to flow right out.

Hey, I like this part with the punching.

Really?
It's just a first draft. Obviously, I have no idea what I'm doing. Haven't written fiction since I was in *grade school*.

Baby, I have never been so proud.

Page three, and you've already sucked me in.

Deeply.

THE MISTOOK SUX BALLS

Fuck off with your probing questions, Upsher.

Robot sold you *his* story, not mine.

I just want to make sure you understand *exactly* what you might be going through here... with this whole new identity thing?

"*Might*" being the operative word.

What, you think my bosses are going to *spike* a story that could change the course of the entire war?

I fought in some of the bloodiest "*course-changing*" battles of the last decade.

After each, I'd read newspaper reports from my comrades *and* the enemy, and *neither* side ever printed anything resembling the truth.

But *The Hebdomadal* is independent.

Other than making money, they don't *have* a side.

Every world out there has chosen between Landfall and Wreath, especially the ones that claim they haven't.

And Jetsam's government is as corrupt as any other, but my people actually believe in a *free press*, even if most of these illiterate dicks just look at the pictures.

BRING

Both involve knowing that something is going to happen, but not knowing when.

And whether you end up winning or losing, you at least get to reach a conclusion.

There's always some comfort in that.

Please.

Please just stay right --

Wow, this is like meeting an actual celebrity!

I have no idea who you're --

Lying!

Lying Woman says you're lying!

...what do you want with them?

Well, the girl will have the most value in the diplomatic marketplace if she's still alive, but all I really need of her folks are their *skulls*.

Talk or don't, kid.

The cunt's gonna kill you either way.

Then I might as well go down hard, huh?

That's how I'd play it.

Goddamn it you are a lousy sideki--

Oh,
no.

end chapter fifty-one

CHAPTER

FIFTY-TWO

ATTACK!

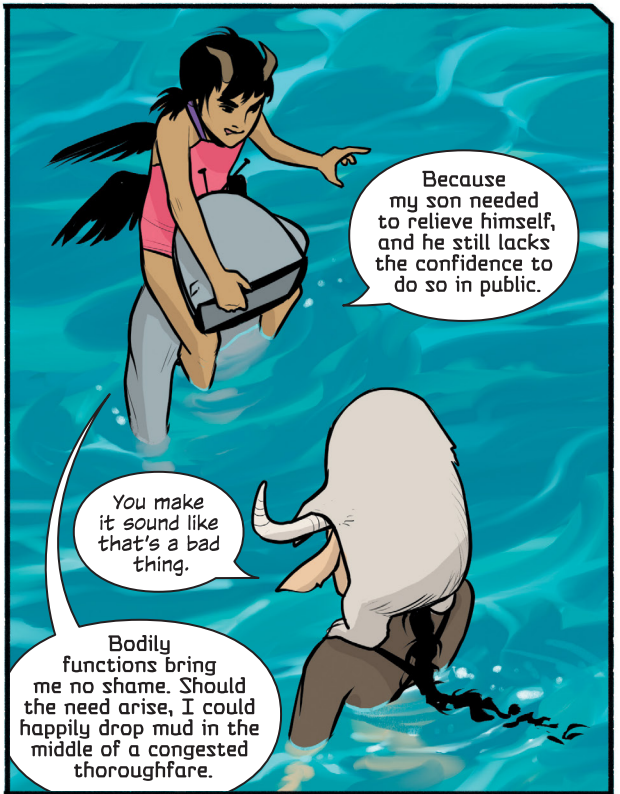

Stop movin' around so much, Pedragor!

That is nowhere close to my name!

And why do I have to play with this fluff-goblin?

Because my son needed to relieve himself, and he still lacks the confidence to do so in public.

You make it sound like that's a bad thing.

Bodily functions bring me no shame. Should the need arise, I could happily drop mud in the middle of a congested thoroughfare.

Can we knock off the bathroom talk, please?

All's fair in the ancient art of the chicken fight, my dear Ghüs.

A worthy duo stays united through anything life throws at them, while lesser pairs --

Wahhh!

Are you all right, pet?

Nuh-uh, Sir Robot.

I'm horrible.

I really wish you two didn't have to leave tonight.

The feeling is quite mutual, Hazel.

But we've exploited your family's kindness long enough, and it's time for us to keep moving.

And who knows?

Perhaps Petrichor, Squire and I will cross paths with your lot again someday.

Like after the war ends?

Right.

After the war ends...

My father used to say that there's no such thing as "heroes" or "villains," that they only exist in storybooks.

Which is ironic, since pretty much all of his beliefs came from what he read in works of fiction.

So you've been on my family's trail ever since we fled *Cleave*?

Pretty much, yeah.

Doff and I heard rumors of a Wreath P.O.W. who escaped with one of his guards, but it was the Landfallian grunt whose *hand* you cut off that gave us our first real lead.

Which only confirms everything D. Oswald Heist warned us about.

Every violent action, no matter how seemingly insignificant, sends *ripples* throughout the cosmos, inevitably causing more of the same.

Then again, if you'd *murdered* that guy, instead of just lightly maiming him, maybe he never would have had the chance to rat out your family.

Spoken with the glibness of someone who's never been forced to take a life.

Well, I haven't offed anyone myself, but shit I've reported in the past has more than likely ended up getting people killed.

And that doesn't weigh on you, Upsher?

Look, my job is to uncover the truth.

Whatever other people do with it is way above my obscenely meager paygrade.

And a lack of proper compensation absolves you of any responsibility?

Of course not, Marko.

But if I worried how every evil son of a bitch out there would respond to what I typed, I'd never touch a keyboard again.

All the more reason that I'm going to stick to writing novels.

Why, because you think made-up stories have never resulted in actual casualties?

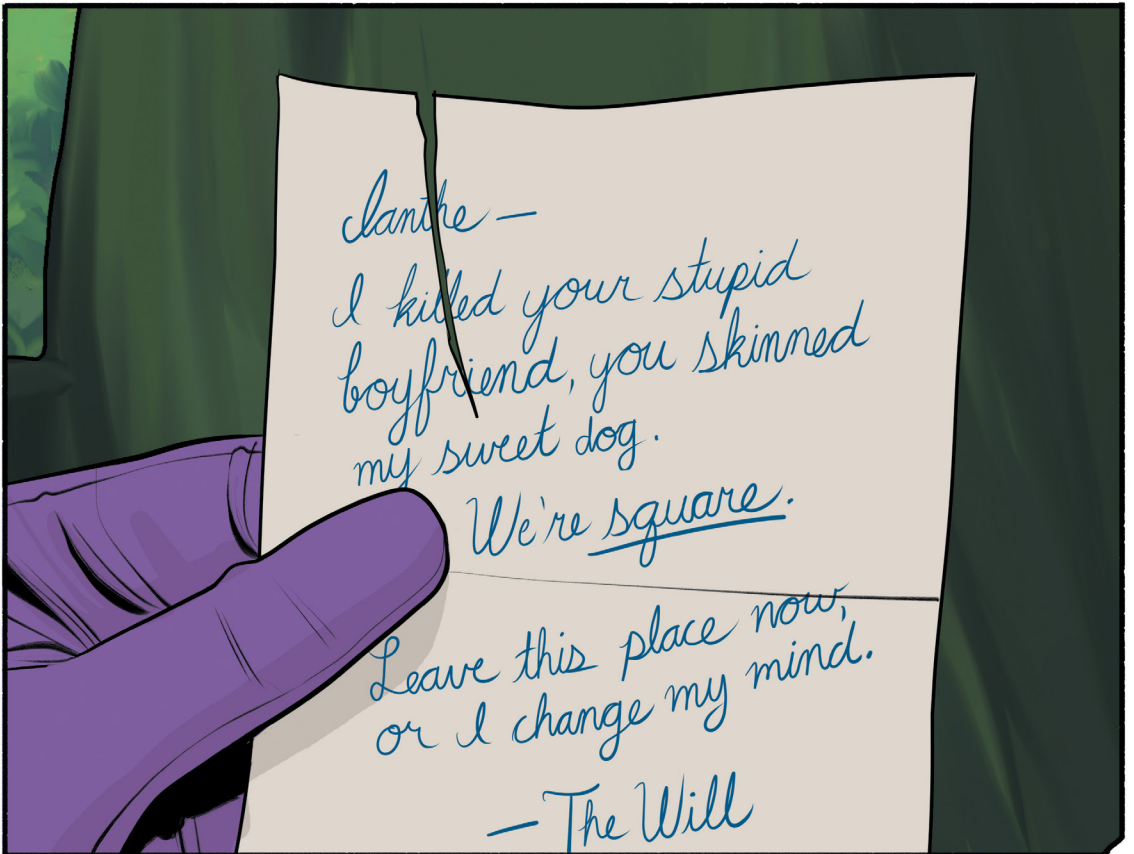

Putting new ideas into another person's head is an aggressive act, and aggressive acts have consequences.

Face it, you can be a writer or a pacifist, but you can't be both.

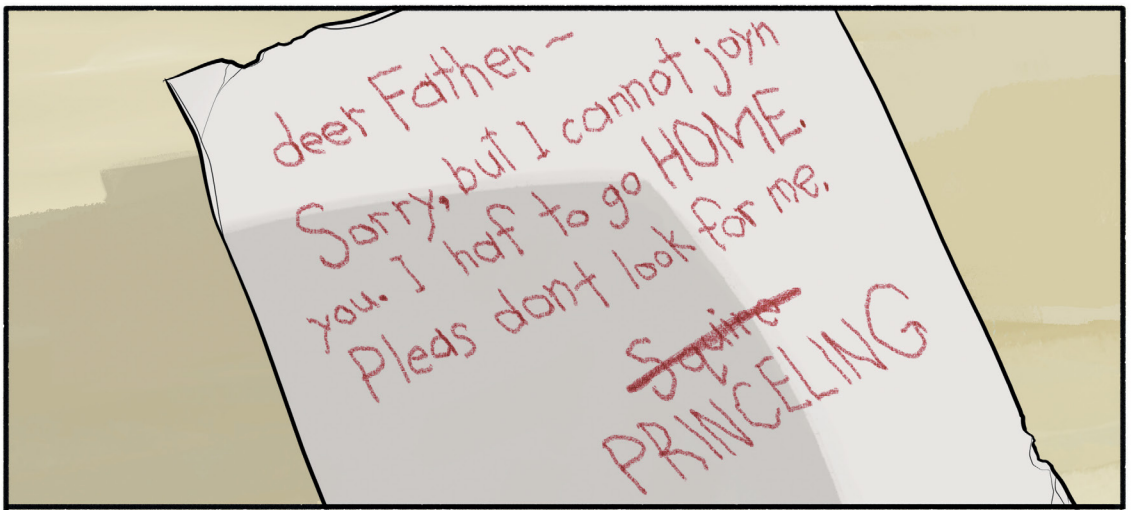

GUYS!

Last night, Squire and I had a disagreement.

In the heat of the moment, I may have inadvertently... laid hands upon him.

You hurt your own child?!

Despite all the violence I'd seen by then, this was the first time I had ever considered that parents could do anything but love and protect their kids.

Every time I start to forget what a horrible person you are, you find a new way to become even *shittier*.

Easy, dear.

We'll cover more ground if he's still conscious for the search.

I can stay with her.

Afraid I don't know this terrain as well as Doff... who's probably headed home with Squire as we speak.

Let's hope.

You see or hear *anything*, don't be afraid to call us all right back.

But you said it's dangerous out there, Daddy!

Don't fret about us, darlin'.

Ghis raided the no-no closet to make sure we're all prepared for any creepy critters.

...
Pinky promise you'll be right back?

Baby, I pinky swear.

It's tough for children to accept that their creators aren't gods, just regular people.

And regular people will always disappoint you.

Don't be frightened, Ponk Konk.

I... I think we're almost there.

Almost where, Squire?

I mean, *Princeling*.

The newspaper is about to send over those magical ingredients for my father and Petrichor's new bodies, yes?

Well, I overheard the reporter with the camera say that his bosses use some kind of *tubes* that run between their offices and this old park.

The pipes are apparently quite small... but thankfully, so are we.

AHHH! **HH!**

Huh, didn't know if that was gonna work. Had to pry open my lance's *regulator*. Still getting back in my union's good graces.

Anyway, try to use that hand-cannon now, you'll blow your whole arm off.

Not now.

Not when we were so close...

Few years back, I ran with a girl called *The Stalk*.

You put a hole in her.

And I'm certain you intend to put one in me, but I'm not *alone* on this island.

Yeah, I know all about the fugitive assholes you been running with.

I'll take care of that job, too... but I ain't the business-before-pleasure type.

You clearly have no idea who you've been pursuing. If you kill me now, I give you my word you'll never get out of here alive.

I understand that you're hurt, truly I do.

But if... if you could just find some way to spare my life...

...I can see to it that no one will ever hurt either of us again.

CHAPTER

FIFTY-THREE

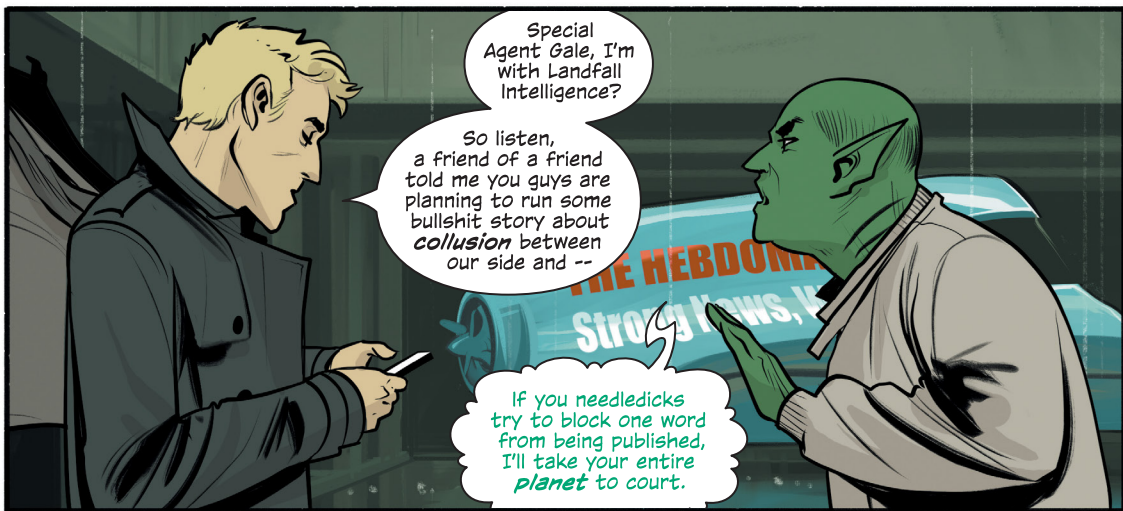

A man with short blonde hair, wearing a dark trench coat over a suit and tie, stands in a dimly lit hallway. He has large, dark, bat-like wings extending from his back. He is looking down at a smartphone in his hands. The hallway has a polished floor with yellow double lines. A long fluorescent light fixture is mounted on the ceiling. The walls are a muted green color. A large shadow of the man and his wings is cast on the wall behind him.

This new phone

Fucking
maddening.

Can I help you?

Special Agent Gale, I'm with Landfall Intelligence?

So listen, a friend of a friend told me you guys are planning to run some bullshit story about collusion between our side and --

If you needledicks try to block one word from being published, I'll take your entire planet to court.

Chill, Chief.

I'm not here to tell you what to print, just to give you some additional information.

And we'll quote whatever garbage denial your propaganda machine has cooked up, but I'm telling you now, I stand by my guys' reporting a thousand percent.

You mean these guys?

Mmm, yeah, drain my balls, you beautiful thing.

Or is it *hanged*?

Grammar has never been my thing.

He...?

We got word that some nobody had been peddling a fairy tale to any stripper who'd listen about the Coalition fighting *along-side* Wrath.

Lunatic recanted as soon as we confronted him.

I just... I just wanted them to think I was *someone*, you know?

You did this.

You made him say all this, and you... you *killed* him.

A mentally ill veteran killed *himself* because a failing tabloid and its perverted staff was planning to exploit his ravings to sell papers.

Anyway, feel free to have everything on here authenticated before you decide to stop the presses or whatever.

And next time you want the truth, maybe use this thing to *call* me.

I'm always around.

Mind if we join you?

What is this?

How... how do you know my name?

I'll fill you in after you get us as far from here as fucking possible.

I don't know if you've heard, but there's a *monster* out there.

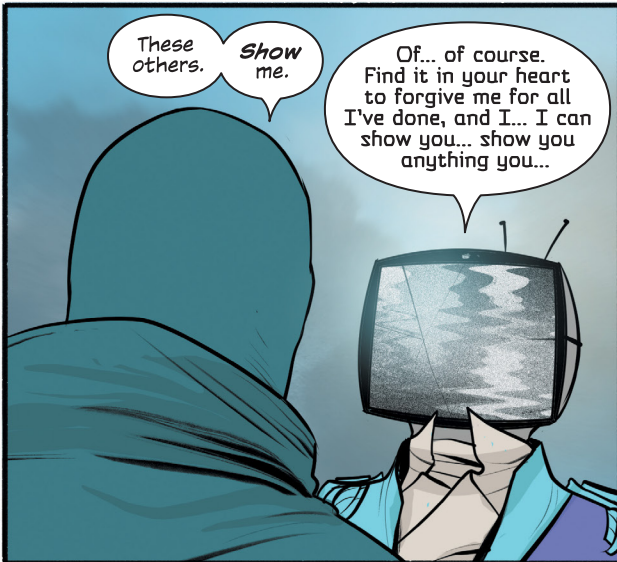

Huh.

And what makes you think I need *help* collecting a bounty?

Because it's not just the girl's parents you have to worry about.

Over the years, Marko and Alana have picked up a cadre of lethal associates, all of whom I can help you *defeat*... if you promise to let me live.

These others. *Show me.*

Of... of course. Find it in your heart to forgive me for all I've done, and I... I can show you... show you anything you...

Damn it all. I'm begging you, don't watch this part.

Is there a

YOU

Use your acid spell or something, Hazel!

Don't!

You'll kill Squire, too!

Hold on, you're telling me that feathered bitch can do magic?

My boss is gonna make me an ambassador when he sees this.

Who are you?

Sure, let me spell my name so it'll be correct in print: It's I, A, suck my hairy clit.

Now open up that ship, or I end you like I did your boy toy.

What?

Uh-oh.

Wait your turn.

I'll deal with your wanted ass next, but me and this one got unfinished business.

I can imagine... but you should know that, by any objective measure, I'm *way* more valuable than Robot.

What are you *doing*, you fucking simpleton? Didn't you hear? I was in the process of selling out your entire family!

Yeah, but I never believe *anything* you say.

Because you're a fucking simpleton!

Now get back to the others and --

They're long gone, including your son.

I made them all blast off the second I caught an unfamiliar *stench* on the island... no offense.

Oh, thank god.

CHAPTER

FIFTY-FOUR

Dad's folks used to hit him
when he was a kid.

So before Mom and Dad had me, they promised each other they'd never resort to spankings or whatever, no matter how much I might misbehave.

And they never did.

Even though I was plenty bad.

Somehow, I managed to turn out all right.

Probably depends who
you ask though.

And those thunder gags take a lot out of you people, don't they?

Bet you're feeling weak as piss.

You have no idea how I --

Daddy?

What?!

When I was born.

Mommy says she accidentally... went poo on you.

Oh, it wasn't just me.

She went poo on everything.

And that was the happiest day of your life?!

Every day with you has been.

But... does that mean I'll never be that happy?

"SAGA IS ONE OF THE BEST COMICS BEING MADE RIGHT NOW, THANKS TO THE STREAK OF PECULIAR PSYCHEDELIC HUMOR THAT RUNS THROUGH VAUGHAN'S STORIES AND STAPLES' ARTWORK." *ESQUIRE*

"VAUGHAN AND STAPLES DO STAR WARS ONE BETTER BY DIGGING INTO MORAL COMPLEXITIES; THERE'S NO PURE GOOD AND EVIL HERE. THE SHIFTING ALLIANCES, HISTORICAL AND PERSONAL REVEALS, ACTION, AND NON-STOP EMOTIONAL ROLLER-COASTER OF THE PLOT MAKE IT A MUST-READ." *BOOK RIOT*

"VAUGHAN AND STAPLES MARRY SCIENCE FICTION AND FANTASY IN A SWIRL AS SATISFYING AS IT IS BIZARRE. EQUAL PARTS FUNNY AND ENDEARING, THIS GRAPHIC NOVEL OPENS DOORS FOR NEW POSSIBILITIES IN STORYTELLING." *THE STATESMAN JOURNAL*
